

## EVENTS

### KEYNOTES

Hear about current research in poeciliid behavior, ecology, and evolution from leaders in the field

### TALKS

Contributed talks in 3 and 15-minute time slots, with preference given to early career researchers, including undergraduate and graduate students

### NETWORKING

Meet and network with researchers studying poeciliids from other institutions in smaller breakout groups

## LOGISTICS

### (NO) COST

Attendance of the forum is free of charge

### REGISTRATION

Registration required for attendance; abstract submission deadline for talks is 01/15/2021

### INQUIRIES
